Kyoto University Facilities in Japan

Supporting Research throughout Japan

In addition to its three campuses, Kyoto University operates a number of diverse facilities at various locations throughout Japan. Kyoto University is renowned for the rich achievements stemming from its diverse fieldwork endeavors, and each of its facilities is a unique and valuable resource for the activities of its researchers.

Field Science Education and Research Center

- Hokkaido Forest Research Station Shibecha Branch, Hokkaido
- Hokkaido Forest Research Station Shiranuka Branch, Hokkaido
- Maizuru Fisherise Research Station
- Ashiu Forest Research Station
- Kamigamo Experimental Station
- Kii-Oshima Research Station, Wakayama
- Seto Marine Biological Laboratory, Wakayama
- Wakayama Forest Research Station, Wakayama
- Tokuyama Experimental Station, Yamaguchi

Graduate School of Agriculture

- Livestock Farm
- Laboratory of Crop Evolution
- Experimental Farm, Takatsuki, Osaka
Kyoto University Facilities in Japan

**Disaster Prevention Research Institute**
- Research Center for Fluvial and Coastal Disasters
- Ogata Wave Observatory, Niigata
- Kamitakara Earthquake Prediction Observatory, Gifu
- Hodaka Sedimentation Observatory, Gifu
- Hokuriku Earthquake Prediction Observatory, Fukui
- Osakayama Earthquake Prediction Observatory, Otsu, Shiga
- Abuyama Earthquake Prediction Observatory, Takatsuki, Osaka
- Donzurubo Earthquake Prediction Observatory, Nara
- Shionomisaki Wind Effect Laboratory, Wakayama
- Shirahama Oceanographic Observatory, Wakayama
- Tottori Earthquake Prediction Observatory, Tottori
- Tokushima Earthquake Prediction Observatory, Tokushima
- Tokushima Landslide Observatory, Tokushima
- Miyazaki Earthquake Prediction Observatory, Miyazaki
- Sakurajima Geothermal Research Center, Kagoshima

**Graduate School of Science**
- Kazan Observatory
- Kiso Biological Research Institute, Kiso, Nagano
- Hida Observatory, Takayama, Gifu
- Ouda Station of Department of Astronomy, Uda, Nara
- Beppu Geothermal Research Laboratory, Beppu, Oita
- Aso Volcanological Laboratory, Aso, Kumamoto

**Graduate School of Engineering**
- Research Center for Environmental Quality Control

**Research Institute for Sustainable Humanosphere**
- Shigaraki MU Observatory

**Wildlife Research Center**
- Kumamoto Sanctuary, Uki, Kumamoto
- Koshima Field-Station, Koshima, Miyazaki
- Yakushima Field-Station, Kamiyakucho, Kagoshima

**Other**
- Primate Research Institute, Inuyama, Aichi
- Center for Ecological Research, Otsu, Shiga
- Research Reactor Institute, Kumatori, Osaka
- Tokyo Office

Research Activities 2013
