### 1. Job Description

Kyoto University Institute for Advanced Study (KUIAS) is seeking a suitable candidate for the position of Professor in the field of Data Science. The successful candidate will be expected to conduct world-leading studies of data science with sophisticated mathematical approaches and establish a new mathematical theory or technique in this area. He/she will also be required to provide graduate education nurturing excellent young researchers, as active members of the interdisciplinary sphere of data science with cutting-edge mathematical knowledge, and to promote collaboration with various related sectors in and outside Kyoto University.

### 2. Application Procedure

Candidates are requested to submit the documents listed below via e-mail. Applications are acceptable in either Japanese or English.

- (1) Curriculum vitae
- (2) List of academic publications, reprints of up to three (3) key research papers, and copy of the latest unpublished paper
- (3) Detailed record of academic activities (affiliated societies), as well as research grants and awards received
- (4) Summary of research conducted up to present (in about 1 page of A4 paper)
- (5) Outline of research intended by the candidate at KUIAS, when accepted (in about 1 page of A4 paper)
- (6) Summary of past interdisciplinary research and/or joint research with a business enterprise or other organization (in about 1 page of A4 paper)
- (7) Teaching experience (including graduate mentoring) and personal goals regarding education (in about 1 page of A4 paper)
- (8) Names and contact information of three (3) references for inquiry of the candidate's achievements

All documents must arrive at KUIAS by the deadline (November 8, 2017, 5:00 p.m. JST) via e-mail at: 2017kobo\_KUIAS[at]mail2.adm.kyoto-u.ac.jp (Note: Replace "[at]" with "@".)

### 3. Miscellaneous

\* Selection will be done through screening of documents, along with interviews where necessary.

\* All submitted documents and personal information of candidates contained therein will be used solely for the purpose of screening and will not be disclosed, transferred or lent to any third party without justifiable grounds.

\* Kyoto University promotes gender equality. Responses and applications from female researchers are highly welcomed.
