## Job Vacancy Announcement

July 2, 2018

Institution:	Institute for Integrated Cell-Material Sciences (iCeMS), Kyoto University Institute for Advanced Study (KUIAS)
Job Title:	Professor
Number of Positions:	One (1)
Closing Date:	July 31, 2018, 5:00 p.m. JST (Japan Standard Time)
Employment Date:	November 1, 2018 (at the earliest)
Term Limit:	None (tenure position)
Probation period	6 months
Required Degree:	Ph.D.
Place of Work:	Institute for Integrated Cell-Material Sciences (iCeMS), Kyoto University Institute for Advanced Study (KUIAS), Kyoto, Japan
Salary and Benefits:	To be determined in accordance with the Kyoto University Regulations (annual salary system to be adopted)
Social Insurance:	Eligible for MEXT* mutual aid association membership, employees' pension, employment insurance, and workers' accident compensation insurance *MEXT: Japan's Ministry of Education, Culture, Sports, Science and Technology
Working Hours:	Discretionary labor system, based on 7 hours, 45 minutes (8:30–17:15 work schedule with a one-hour break) per day, 38 hours 45 minutes per week
Holidays:	Saturdays and Sundays; Statutory public holidays of Japan; Year-end and New Year holidays (December 29 through January 3); Kyoto University's Foundation Day (June 18); Summer holidays (three consecutive days in mid-August)

### 1. Job Description

The Institute for Integrated Cell-Material Sciences (iCeMS) of Kyoto University Institute for Advanced Study (KUIAS) is seeking a suitable candidate for the position of Professor in the area of Biofunctional Synthetic Chemistry. The successful candidate will be expected to establish a new field of organic chemistry through research on design and synthesis of functionalized molecules for analysis of various biological phenomena. In connection with this, the successful candidate will also be required to ensure significant development of the integrated field of synthetic organic chemistry, bioscience (e.g. bioimaging, biosensors) and materials science (e.g. next-generation electronics), aiming at social implementation of research achievements as well as at creation of innovations.

### 2. Application Procedure

Candidates are requested to submit the documents listed below via e-mail, putting them in the same order as in the list into a single PDF file titled "Application for Professor Position (Biofunctional Synthetic Chemistry)." Applications are acceptable in either Japanese or English.

- (1) Curriculum vitae
- (2) List of academic publications, and reprints of up to three (3) key research papers
- (3) List of printed publications other than research papers
- (4) Detailed record of academic activities (affiliated societies), as well as research grants (e.g. "KAKENHI" Grants-in-Aid for Scientific Research) and awards received
- (5) Summary of research conducted up to present (in about 1 page of A4 paper)
- (6) Outline of research intended by the candidate at KUIAS, when accepted (in about 1 page of A4 paper)
- (7) Personal goals for advancement of the integrated field of materials science and bioscience (in about 1 page of A4 paper)
- (8) Names and e-mail addresses of two (2) personal references

All documents must arrive at KUIAS by the deadline (July 31, 2018, 5:00 p.m. JST) via e-mail at:

2018kobo\_KUIAS[at]mail2.adm.kyoto-u.ac.jp (Note: Replace “[at]” with “@”.)

### 3. Miscellaneous

- \* Selection will be done through screening of documents, along with interviews where necessary.
- \* All submitted documents and personal information of candidates contained therein will be used solely for the purpose of screening and will not be disclosed, transferred or lent to any third party without justifiable grounds.
- \* Kyoto University promotes gender equality. Responses and applications from female researchers are highly welcomed.

For further details, please contact KUIAS via e-mail at:
