

**Associate Professor at the Department of Urban Management,  
Graduate School of Engineering, Kyoto University**

November 1 , 2021

<b>Job title</b>	Associate Professor
<b>Number</b>	One person
<b>Location</b>	International Urban Development Laboratory, Chair of Geo-Management, Department of Urban Management, Graduate School of Engineering, Kyoto University, C-cluster, Kyotodaigaku-Katsura, Nishikyo, Kyoto
<b>Job description</b>	<p>The research mission of the International Urban Development Laboratory is to research (1) soil mechanics, geo-mechanics, (2) geo-environmental engineering, (3) geo-construction engineering, and/or related fields.</p> <p>The educational mission of this particular position is to educate the International Course Program of Civil Engineering at the Undergraduate School of Global Engineering, Kyoto University. A successful candidate should be able to teach “Soil Mechanics I and Exercises”, “Soil Mechanics II and Exercises”, “Experiments on Soil Mechanics and Exercises”, “Geoenvironmental Engineering”, “Rock Engineering”, “Computer Programming in Global Engineering”, which are provided by the Faculty of Engineering. In addition, he/she should also teach “Scientific English II”, “Introduction to Earth Science A”, “Practice of Basic Informatics” and “Introduction to Engineering Geology”, which are provided by Institute for Liberal Arts and Sciences.</p> <p>The activity missions of the Laboratory are closely related to those of the other geotechnical engineering laboratories: “Construction Engineering and Management”, “Geofront System Engineering”, “Urban Management Systems” and “Environmental Infrastructure Engineering (Global Environmental Studies)” in the Department of Urban Management, and “Geomechanics” and “Geotechnics for Hazard Mitigation (Disaster Prevention Research Institute)” in the Department of Civil and Earth Resources Engineering. The “International Urban Development Laboratory”, therefore, is expected to collaborate with these other laboratories on education</p>

	and research conducted by the Department of Urban Management, the Department of Civil and Earth Resources Engineering, and the Undergraduate School of Global Engineering – International Course Program, and for the management of their school duties.
<b>Requirements</b>	A successful candidate has (i) a degree of either PhD or Doctor of Engineering or Science in geotechnical engineering or related academic fields, (ii) distinguished research record in the areas of the mission of the division, (iii) academic and/or practical experience in universities or research institutions, (iv) ability and enthusiasm in the management of the international course program and the department, (v) ability of verbal and written communications in English, and (vi) ability to deliver classes in English.
<b>Contract Start Date</b>	Anticipated on March 1st, 2022 or later at the earliest possible date.
<b>Probation period</b>	Six months in accordance with the regulations of Kyoto University
<b>Business hours</b>	Full-time employment in a discretionary work system, based on 7 hours, 45 minutes (8:30-17:15 work schedule with a one-hour break) per day, 38 hours 45 minutes per week. Days off: Saturday, Sunday, national holidays, Year-end and New Year holidays, Foundation Day, and summer vacation.
<b>Salary and allowance</b>	To be determined in accordance with Kyoto University regulations
<b>Social insurance</b>	Eligible for MEXT* mutual aid association membership, employment insurance, and workers' compensation insurance *Japan's Ministry of Education, Culture, Sports, Science and Technology
<b>Referral Instructions</b>	Please submit the following documents in electronic versions in Portable Document Format (PDF). All candidates should submit via the JREC-IN Portal site.  1) A curriculum vitae including sectioned descriptions of (a) educational background, and (b) professional background (e.g. employment and activities as part of academic societies).  2) A publication list sectioned for (a) peer-reviewed or refereed journal papers with DOI, (b) peer-reviewed or refereed proceedings papers, (c) non-reviewed papers, (d) published or

	<p>edited books or book chapters, (e) identification number of ORCID and/or Web of Science, (f) patents, and (g) competitive research funds with descriptions of “Principal Investigator” “Co-Investigator”, or “Research Collaborator” (Grants-in-Aid for Scientific Research etc.),</p> <p>3) Reprints or copies of five papers representing the candidates’ research,</p> <p>4) A concise personal statement in about 2,000 words describing the candidate’s research achievements,</p> <p>5) A concise personal statement in about 2,000 words describing the candidate’s education experiences and employment,</p> <p>6) A concise personal statement in about 2,000 words describing the candidate’s future vision for research and education after the assignment in the Department, and</p> <p>7) A list of two references with contact information to whom the University can ask for opinions on the research and education experiences of the candidate.</p>
<p><b>Application Deadline</b></p>	<p>Due November 30th, 2021 (Tuesday)</p>
<p><b>Screening</b></p>	<p>The Selection Committee qualifies all candidates, based on the documents submitted. An interview may be scheduled, if necessary, and will be informed of to selected interviews. Unfortunately, no traveling allowance will be provided to any of the interviewees. The final decision will be made by all professoriate members in the Departments of Urban Management and Civil and Earth Resources Engineering. Each candidate will be informed of the final decision pertaining to him/herself only.</p>
<p><b>Notes</b></p>	<ul style="list-style-type: none"> <li>• The university will not return your application documents. Personal information contained in the application documents will be used solely for the purpose of screening applicants, and never for any other purposes.</li> <li>• Kyoto University is creating a culturally diverse environment. An equal opportunity is offered to this open position regardless of disability. We give priority to women if they have equal competence based on fair examination.</li> <li>• The selected candidate will mainly belong to the Institute for Liberal Arts and Sciences.</li> </ul>

	<ul style="list-style-type: none"> <li>• The faculty organization the selected belongs to is the Faculty of Global Engineering, while he/she is involved in the education and research in the Department of Urban Management, the Graduate School of Engineering.</li> <li>• To prevent passive smoking, Kyoto University prohibits smoking at indoors and outdoors at all campuses except for the designated smoking areas.</li> <li>• Detailed information about all mentioned departments can be found at the following URLs:  International Course Program of Civil Engineering:  <a href="https://www.s-ge.t.kyoto-u.ac.jp/int/en?set_language=en">https://www.s-ge.t.kyoto-u.ac.jp/int/en?set_language=en</a>  Institute for Liberal Arts and Sciences  <a href="https://www.z.k.kyoto-u.ac.jp/">https://www.z.k.kyoto-u.ac.jp/</a>  Urban Management:  <a href="http://www.um.t.kyoto-u.ac.jp/en/index.html?set_language=en">http://www.um.t.kyoto-u.ac.jp/en/index.html?set_language=en</a>  Civil and Earth Resources Engineering:  <a href="http://www.ce.t.kyoto-u.ac.jp/en/index.html?set_language=en">http://www.ce.t.kyoto-u.ac.jp/en/index.html?set_language=en</a> </li> </ul>
