| Work location | Minari Lab, Uehiro Research Div. for iPS Cell Ethics, Center for iPS Cell Research and Application (CiRA), Kyoto University  
53 Kawahara-cho, Shogoin, Sakyo-ku, Kyoto  
※ 5-min walk from Jingu-marutamachi Station of Keihan Electric Railway |
| Job description | The Center for iPS Cell Research and Application (CiRA), Kyoto University, is a leading institute that promotes stem cell research, with a focus on the use of iPS cells. The Uehiro Research Division for iPS Cell Ethics, a part of CiRA, aims to consider and address social aspects of stem cell research and genome research, and the research use of genome editing. The research division’s Jusaku Minari Lab is seeking a highly motivated researcher interested studying regulations, governance, and bioethics for emerging biotechnologies.  
“Act for the Promotion of Science, Technology, and Innovation” will be applied to this position.  
For details of our institute and research in our lab, please visit the sites below:  
https://www.cira.kyoto-u.ac.jp/e/  
https://www.cira.kyoto-u.ac.jp/e/research/minari_summary.html  
https://www.cira.kyoto-u.ac.jp/uehiro-ethics/en/ |
| Job requirements | The ideal candidate will have:  
• A PhD or equivalent; and the capability to address social aspects of emerging biotechnologies  
  (the area of expertise is open while preference can be given to humanities or social sciences)  
• Evidence of academic research and publications related to emerging biotechnologies and relevant issues  
• Ability to work independently as well as collaboratively with the Principal Investigator  
• English language skills, both oral and written  
Relevant keywords:  
Regulations, governance, bioethics, research ethics, regulatory science, social psychology, science and technology policy, and science and technology studies (STS). |
| **Contract period** | Any time after April 1, 2022 (negotiable), starting from the day the candidate begins work until the end of the project on March 31, 2023; however, please note that there is the possibility of the project being extended. When the contract term has expired, the employment contract terminates. Renewal of the contract at the expiration of a fixed-term employment contract is decided by comprehensive evaluation of your work performance, behavior, capabilities, etc. Working conditions may be changed at the renewal of contract. No matter how excellent your work performance, behavior, and capabilities have been, there are cases in which the contract is not renewed on account of unavoidable reasons, such as change of financial status, or loss of the job contents specified above due to reassignment of your lab’s principal investigator or reorganizations. |
| **Probational period** | 6 months |
| **Working conditions** | • Salaries are determined based on the Kyoto University standards depending on capabilities and backgrounds. (annual salary system)  
• Annual salary includes various allowances.  
• Discretionary work system for specialist staff (38 hours and 45 minutes/week, 7 hours and 45 minutes/day)  
• Holidays: Saturdays, Sundays, national holidays, summer break, year-end and new-year break, the anniversary of foundation holiday, and paid holidays  
• MEXT Mutual Association of Health Insurance, employee pension insurance, industrial accident compensation insurance, and employment insurance |
| **Deadline for application** | We will close the recruitment when the position is filled. |
| **Documents to be submitted** | Please submit the following documents:  
1. Curriculum vitae (Form 1)  
   Please write names and contact information of two referees who can evaluate you. Please write the email address and telephone number by which we can unfailingly contact you in the designated space.  
2. List of research achievements or professional achievements (publications, presentations, acquired research funds, patents, etc.) (Form 2)  
3. Outlines of research progress and research results in the past (Form 3)  
4. Reprints of research articles (2 articles)  
5. Recommendation letters written by two persons who can act as references  
※ Please use the Forms 1 through 3 for the documents required above. You will find the Forms for downloading at:  
[http://www.cira.kyoto-u.ac.jp/e/employment/img/doc/Application_Forms.zip](http://www.cira.kyoto-u.ac.jp/e/employment/img/doc/Application_Forms.zip)  
If you do not find appropriate items in the Forms, please add items to the Forms as needed.  
※ Additional information may be requested in the process of screening. |
| **Contact** | Please send the application documents to the following address by postal mail or e-mail.  
Minari Lab, Center for iPS Cell Research and Application, Kyoto University  
53 Kawahara-cho, Shogoin, Saky-ku, Kyoto 606-8507 JAPAN  
E-mail: minari-g*cira.kyoto-u.ac.jp (Please change “*” to “@”)
| **Selection method** | An interview will follow the screening of application documents. Those who have passed the screening will be informed of the date and time of the interview via e-mail or in writing, and may be requested to give a lecture on the research or professional achievements at the interview (Interviewees will bear their transportation and accommodation expenses for the interview). Results will be informed via e-mail or in writing as soon as the decision is made. |
| **Gender equality** | Kyoto University is promoting the gender equality. Woman researchers are encouraged to apply. |
| **Others** | Submitted documents shall be used just for the selection, and never be disclosed, transferred, or lent to the third party without due reasons.  
Please be advised that submitted documents shall not be returned.  
Kyoto University is working to prevent passive smoking, by prohibiting indoor smoking on all campuses and also outside smoking except in designated areas. |
