

CCII/CGM Joint Symposium

Genomics and Omics Study and Application to Human Biology

March 4th, 2023

Shiran Kaikan Inamori Hall
Kyoto University Faculty of Medicine

Session 1 (9:00~12:30)

Technological Development of Omics Analysis

Kei Iida

Kindai University, Japan

Tadahaya Mizuno

The University of Tokyo, Japan

Sumio Ohtsuki

Kumamoto University, Japan

Session 2 (14:00~18:00)

Application to Human Health and Disease

Yosuke Tanigawa

MIT, U.S.A.

Tomi Pastinen

Children's Mercy Kansas City, USA

Dominique Gauguier

INSERM, France

Ian Watson

McGill University, Canada

Jointly organized by
Center for Cancer Immunotherapy and Immunobiology (CCII)
Center for Genomic Medicine (CGM), Kyoto University
