# Professor (Particle Radiation Biology)

Kyoto University Institute for Integrated Radiation and Nuclear Science (KURNS) invites applications for a Professor position, as described below.

KURNS was established for the joint use program among Japanese universities to promote the research and education in the fields of nuclear reactors and related subjects. The Kyoto University Research Reactor (KUR) and related research facilities have been used in a wide variety of scientific areas.

# I. Position (number of jobs opening):

Professor (1 person)

## II. Research Division:

Particle Radiation Biology (https://www.rri.kyoto-u.ac.jp/en/research\_div)

## III. Job description:

The successful candidate is expected to lead the research field of development of radiation responsive compounds and radiopharmaceuticals using next generation drug discovery platform technology and the radioactive-material-handling facilities and various radiation sources in KURNS as a Professor.

The candidate has enthusiasm and motivation for education and joint-use research activities in the research field.

IV. Application documents (to be submitted either in Japanese or English as electric data contained in CD-ROM or USB memory except for 1. Curriculum vitae and 6. Recommendation letters):

- 1. Curriculum vitae (a photograph must be attached.)
- 2. Brief summary of research and education experiences along with their plan
- 3. List of academic publications (divided clearly into refereed journal papers and others)
- 4. Major publications (within 10 articles; electric files are numbered, and important articles should be numbered from 1 to 5.)
- 5. List of acquisition status of research funds (specify the research fund name, representative / share, period, research project name, research cost amount (representative only)
- 6. Recommendation letters by references (It is possible to offer oneself.)
- 7. Statement of reason for application (In addition to the reason for application, please describe the ambitions for the above job description.)
- 8. Description on other activities (on educational activities, awards received, academic society, patents, and social activities, etc.), together with the names of some references (including addresses, phone numbers and e-mail addresses)

# V. Term of employment:

Full time

### VI. Application deadline:

Applications must arrive no later than April 26 2024, 05:00 p.m. JST.

### VIII. To be sent to:

Administration office, Kyoto University Institute for Integrated Radiation and Nuclear Science, Kyoto University

2, Asashiro-Nishi, Kumatori-cho, Sennan-gun, Osaka 590-0494 JAPAN

TEL: +81-72-451-2310

("Application documents for Professorship (Division of Particle Radiation Biology)" should be written in red ink on the envelope, which should be sent by registered mail. Application documents will not be returned.)

## IX. Starting date:

As early as possible after the decision is made.

# X. Business hours:

Discretionary labor system, based on 7 hours, 45 minutes (8:30-17:15 work schedule with a one-hour break) per day, 38 hours 45 minutes per week.

Days off: Saturdays, Sundays, National holidays, Year-end and New Year holidays, Foundation Day

## XI. Salary and allowance:

To be determined in accordance with Kyoto University regulations.

#### XII. Social insurance:

- (1) National Public Service Mutual Aid Associations
- (2) Employee's pension insurance
- (3) Unemployment insurance
- (4) Worker's accident insurance

# XIII. Selection procedures:

The application will be reviewed by the selection committee. Interview may be conducted after reviewing the applications. Those selected will be notified for further instructions.

## XIV. Probation period:

6 months

## XV. Inquiries:

```
Prof. Minoru Suzuki
```

(TEL+81-72-451-2390; E-mail: suzuki.minoru.3x\*kyoto-u.ac.jp (replace the (\*) with @))

## XVI. Others:

For more information, please see https://www.rri.kyoto-u.ac.jp/en/.

After being hired, he/she belongs to department of Integrated Radiation and Nuclear Science and works at the Institute for Integrated Radiation and Nuclear Science in Kumatori-cho, Osaka, Japan.

Kyoto University strives to increase the share of women in academic positions. Given equal qualifications, preference will be given to female applicants, under the provisions of Article 8 of the Equal Employment Opportunity Act.

In addition, please indicate in the curriculum vitae any periods of interruption in research due to childbirth, childcare, nursing care, etc. The achievements during the period will be reviewed as if the applicant had made the same achievements before and after the period of absence.

Indoor smoking is prohibited at all campuses in Kyoto University. Outdoor smoking is prohibited except for designated smoking areas to prevent passive smoking.
