

**Associate Professor Position in the Research Section of Dynamics of Foundation Structures,
Disaster Prevention Research Institute, Kyoto University**

September 14, 2026

The Disaster Prevention Research Institute (DPRI), Kyoto University invites applications for a permanent Associate Professor position.

Location: Research Division of Earthquake Disasters, Seismic and Volcanic Hazards Mitigation Research Group, Disaster Prevention Research Institute, Kyoto University, Gokasho, Uji, Kyoto 611-0011, Japan (at home or other places if University allows or orders to work remotely).

Job description and required qualifications:

The appointed associate professor will focus on conducting research on the prompt recovery of functionality of urban systems after an earthquake by rapidly and objectively evaluating the post-earthquake state of infrastructure systems, considering the physical properties of their constituent components such as structural materials, rock, and soil ground. The candidate is capable of investigating the dynamic characteristics of the components through empirical approaches based on experimental or observational data, or theoretical approaches using numerical simulations. Additionally, research experiences in sensing or monitoring techniques that incorporate insights from related fields, such as seismology and data science, are desirable.

The candidate will be responsible for educating students in the Department of Urban Management at the Graduate School of Engineering, Kyoto University. A Ph.D. or an equivalent degree is required, and the candidate is expected to teach classes in Japanese.

Anticipated start date: As soon as possible after the selection.

Probation period: 6 months

Working time: Discretionary labor system (standard working hours: 7 hours 45 minutes per day, 38 hours 45 minutes per week). If the discretionary labor system is not chosen the working hours are from 8:30 to 17:15 with a break between 12:00 to 13:00. Overtime may be ordered. Days off: Saturdays, Sundays, Statutory holidays under the Act on National Holidays, Year-end and New Year's holidays, and Anniversary of Foundation of the University.

Salary and Allowance: To be determined in accordance with Kyoto University regulations.

Social insurance: (1) National Public Service Mutual Aid Associations, (2) Employee's pension insurance, (3) Unemployment insurance, and (4) Worker's accident insurance

Applicants should prepare the following materials:

- (1) Curriculum vitae
- (2) List of publications (divided clearly into refereed journal papers and others)
- (3) Copies of up to five relevant papers
- (4) Brief summary of research and related contributions (up to two A4 pages)
- (5) Statement of research plans (up to two A4 pages, including figures)
- (6) Recommendation letters from two references (a recommendation letter may be substituted by the name and contact information of a reference, including the postal address, and e-mail address)

The complete application package must arrive by the deadline of 17:00 JST, November 27, 2026 at the following address:

Selection Committee for Dynamics of Foundation Structures Associate Professor
Administrative Office, Disaster Prevention Research Institute, Uji Campus,
Kyoto University
Gokasho, Uji, Kyoto 611-0011 JAPAN

Applicants must send the package by registered mail or direct submission. Applicants are not allowed to submit it by e-mail or through internet.

For inquiries, you can send e-mail to apply_staff 'at' dpri.kyoto-u.ac.jp (replace 'at' with @)

For more information about DPRI, see <https://www.dpri.kyoto-u.ac.jp/en/>.

Additional notes

- (1) The university will not return your application documents.
Personal information contained in the application documents will be used solely for the purpose of screening applicants and never for any other purposes.
- (2) Kyoto University is building a culturally diverse faculty and strongly encourages applications regardless of gender or disability.
The university is an Equal Opportunity, Affirmative Action Employer.
- (3) With regard to the evaluation of research achievements, the impact of periods of interruption in research activities due to childbirth, childcare, nursing care, etc. (blank periods) will be taken into consideration. If there are blank periods, please indicate them at the end of the list of publications.
- (4) The university prohibits smoking in all campus buildings except in designated outside smoking areas for the purpose of preventing the adverse health effects of second-hand smoke.
