

Bridging the World through Excellence

Kyoto University engages with the international community through diverse and vibrant networks founded on multicultural understanding. The University's internationalization efforts are a vital component of its endeavors to cultivate future leaders, to pioneer knowledge-creation and academic advancement through outstanding research and education, and thereby contribute to the global community.

The dynamic advancement of the University's international education and research initiatives is bolstered by a robust and evolving administrative support system performing to high standards of expertise and professionalism.

The Kyoto University Basic Concept for Internationalization presents a vision for the University's contribution to a sustainable future for global society.

Education

Education that Cultivates International Outlooks and Competencies

- Provide attractive academic programs and curricula
- Promote international student mobility by developing partnerships with outstanding institutions overseas
- Further develop an inclusive environment with comprehensive student support

Research

Global Development of Innovative Research

- Promote international mobility of researchers underpinned by partnerships developed strategically
- Make efficient use of research resources and outcomes by building international networks among industry, government and academia
- Develop strategic communications to best present the University's research activities and outcomes to international stakeholders
- Enhance internationally open and friendly research environments

Harmonious Coexistence

Contribution to Harmonious Coexistence on the Planet

- Nurture competent and responsible global citizens
- Foster education and research with international scope that contribute to global and local sustainable development and produce meaningful societal impact
- Provide a campus that is inclusive and respectful of social and cultural diversity
