

# Guidance of Kyoto University Health Service

## For all students and employees of Kyoto University

**3 clinics (internal medicine and psychiatry) are available in Yoshida, Uji, and Katsura campuses.**

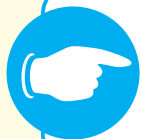

For students, physical health consultation is free, but mental health consultation as well as medication and lab exam is charged. Please feel free to contact us! (For example, "What section should I go?")  
If you need to go to a hospital, we'll give you a letter of referral.

**Medical certificate (for job hunting, study abroad, etc.) can be issued!**

Annual health checkup is required to fill in the certificates.  
Please bring "medical examination report" of this year.

Request of medical certificates should be done by 30 min before closing.

**Clinics will be closed during the periodic health check-up.**

Please check out close-days on the web or by TEL etc.
