

March 10, 2021

To all current and prospective students:

**Notice: Changes to the AY 2021 Class Time Schedule**

As the university will implement face-to-face classes in 2021, many students will use the restaurants on campus during their lunch break. However, as a measure to prevent the spread of COVID-19, the restaurants are limiting the number of customers that may enter at one time, which may result in queues of people waiting to enter. To reduce the risks posed by such crowding, the university will extend the student lunch break by 15 minutes, and has modified the AY 2021 class time schedule as detailed below. (Note: if your faculty or graduate school has its own class schedule, please follow that schedule.)

Please note that in some cases it may be necessary for classes after the 3<sup>rd</sup> period to end earlier than stated in the modified schedule (15 minutes earlier at the most). In such cases, supplementary classes will be provided to make up for the shortened class time.
