

May 31, 2021

To all students,

Implementation of Classes from June 1

As detailed in the notice “Restriction of Activities to Prevent the Spread of the Novel Coronavirus,” issued on May 31, Kyoto University shall maintain Level 2- activity restrictions during the period of June 1 to June 20. In accordance with these measures, classes at the university shall, as a general rule, be provided online during the abovementioned period.

Although the number of novel coronavirus infections in Kyoto has been decreasing, the medical care system is still under stress as more contagious strains, which can make even young people seriously ill, are becoming prevalent.

We regret that we cannot meet the expectations of our students with regards to providing to face-to-face classes. However, in order to protect your own health, and that of the wider community, please continue taking all possible virus prevention measures. It is still difficult to determine when the situation will improve and the activity restrictions may be eased, but we ask for your continued patience and cooperation.

Takao Hirajima

Executive Vice-President for Education
