京都大学  
KYOTO UNIVERSITY

Period: November to December 2025

Do you feel that it is sometimes unavoidable to deviate slightly from regular administrative procedures to facilitate research activities, support students, or use up research funds by the end of the fiscal year?  
(Findings of survey of faculty members)

Yes, I think so.  
4.1%

227  
people

No, I don't think so.  
95.9%

Wait  
a minute!

Is it really OK  
to use the funding  
like that?

The proper  
use of funds  
is a **shield**  
that protects  
your research

If you have any questions  
or concerns, please contact  
your department's  
administrative staff!

A revolving campaign to eradicate the fraudulent use of research funds will visit selected faculties and departments again this year.
